After a contentious court hearing on Monday, a 46-year-old Roscommon man was sentenced to serve 20 to 40 years in prison.

Chief 46th Trial Court Judge Janet M. Allen sentenced Avery Robert Parker to serve 20 to 40 years in prison for first-degree criminal sexual conduct. Parker was also sentenced to serve five to 15 years for unlawful imprisonment and domestic-violence-aggravated assault. Finally, Parker was sentenced to serve three to 15 years in prison for fourth-degree criminal sexual conduct. Allen gave Parker credit for 240 days he served in the Crawford County Jail. **Page 7**

## Vikings dominate Blazers in league game on Friday

The Grayling Vikings started the game with a 23-0 run, eventually winning the contest — a varsity boys basketball conference match — by 40 points, 76-36, vs. the Kalkaska Blazers at Kalkaska on Friday.

"Very pleased with the intensity and effort that we played with in this game," Coach Rich Moffit said. "We did a great job of sharing the basketball and playing aggressively at both ends of the court." **Page 10**

## Varsity girls pull away in 2nd half, win 65-48 vs. Bobcats

Grayling trailed by three at halftime, but the Vikings outscored the visiting Houghton Lake Bobcats by 20 points, 41-21, in the second half to win Tuesday night's varsity girls basketball game (a nonconference contest).

"We were able to make some shots immediately at the beginning of the third quarter, which allowed us to get into our full-court pressure defense. Once we were able to press, we were able to score in bunches," Coach Joe Powers said. **Page 11**

## Voters will be asked to decide school bond issue

by Dan Sanderson  
Staff Writer

While going to the presidential-primary polls next month, voters in the Crawford AuSable School District will be asked to decide a bond issue that would fund bussing and school facility improvements.

The 2012 bus and facility bond will be on the ballot on Tuesday, Feb. 28. Michigan's presidential-primary will be held at the polls, but the school funding measure will be on a separate ballot rather than the ballots voters will request to vote as a Republican or Democrat, said Crawford AuSable School District Superintendent Joe Powers.

"Because the state is having the presidential-primary election, we are piggybacking on the election to save money on the election costs," Powers said.

The school district is proposing to borrow \$2,990,000 through bonds issued in order to buy busses and make improvements at all school buildings.

If approved, the district would add six new busses to its fleet. Powers said the Crawford AuSable School District is the 13th largest school district in the state, covering 520 square miles, and parents count on bussing to safely get their children to and from school.

The bond would also pay to convert the Grayling Elementary School and AuSable Primary School cafeteria into what is being called the Crawford AuSable Performance Arena. The renovated facilities would provide a stage and room for band and music students. The stage would also be used for performances, science fairs, music concerts and

other events. The space would also serve as a full-size multipurpose gymnasium with a rubber floor and would provide a large area for all elementary students.

"It is what we need to do for the long term," Powers said.

The AuSable Primary multipurpose room would be converted into one combined elementary office instead of having two offices, which would cut down on staffing and operational costs. A heated waiting area would also be provided for parents.

A number of community partnerships would be forged between the school district and other entities if voters approve the bond issue.

First, the school district has offered to sell the Grayling Cooperative Preschool to the Crawford County Library System

for potential library expansion. The school district is asking for \$20,000 from the library for the property, but the sale is contingent on the bond issue passing.

The Grayling Cooperative Preschool would then be moved into the AuSable Primary School, which net about \$30,000 in savings for the non-profit preschool, Powers said.

"That would save them money, help the parents save money and offer pre-school to more students," Powers said.

Finally, school officials will work with the Crawford County Road Commission to pave the gravel bus loop, located behind the Grayling Elementary School and AuSable Primary School building. A parent pick-up parking lot will also be expanded in front of the Grayling See **VOTERS WILL** | Pg. 3

## First baby of 2012 welcomed at Mercy Hospital Grayling

Caelan Jack Lane was definitely worth the wait, arriving on Jan. 4, 2012 and marking Mercy Hospital Grayling's first baby of the New Year. Caelan was born at 4:59 p.m., weighing in at 7 pounds, 9.2 ounces and measuring 19 inches long. He was welcomed by mom Lindsay Lane and the Mercy Hospital Grayling Maternal and Newborn Center. In 2011, Mercy Hospital Grayling delivered a total of 369 babies, an average of approximately one per day. Above, Caelan is pictured with his mother, Lindsay Lane and Lane's boyfriend, Nicholas Warunkek.

## Ambulance negotiations are placed in hand of providers

by Dan Sanderson  
Staff Writer

After weeks of debate over the future of emergency services in Crawford County, plans have been left in the hands of leaders of two Advanced Life Support (ALS) ambulance services serving the area.

The Crawford County Board of Commissioners held a meeting last week with City of Grayling and township officials to discuss ambulance operations.

The Frederic Township Fire Department EMS Service became ALS accredited last summer. In October, Frederic Township leaders asked the county board to be included in a memorandum of understanding between the county and Mercy Hospital Grayling, which would allow them to provide patient transfers.

Mobile Medical Response (MMR) has operated in Crawford County for the last 11 years through a memorandum of understanding reached between the Crawford County Board of Commissioners and Mercy Hospital Grayling. The pact was reached in 2007 when MMR, a Saginaw based company, and North Flight, an ambulance service owned by Munson Hospital, were losing money when federal reimbursement rates for ambulance transfers were decreased. North Flight asked the county for a \$250,000 subsidy to cover its

## Giving the gift of life to start the New Year

The American Red Cross held a blood drive at the American Legion Post #106 last week. Members from the Crawford County RSVP helped staff the blood drive. Another blood drive was held at the St. Mary's Church. Left, Freda Holley, an American Red Cross donor technician, prepares to take a pint of blood from Grayling resident Robert Woodland.

projected losses. The county did not provide funding to North Flight, which no longer has ambulances in Crawford County.

MMR did not ask for funding from the county and has never asked for any funding from any municipality.

The Frederic Township Fire and EMS Service is supported by a millage levied in its service area, which includes Frederic and Maple Forest Townships.

Frederic Township Supervisor William Johnson Jr. said that the township was initially seeking to provide transfers to citizens who support the ambulance service.

"If our people are paying a millage for ambulance services, which we are in Frederic Township and Maple Forest Township, there should be no reason in the world that Frederic Township ALS can not provide those transfers,"

Johnson said.

Over the past two months, Frederic Township Fire and EMS and MMR officials have made presentations to the Grayling City Council and the Grayling Charter Township Board.

Grayling City Manager/Police Chief Doug Baum said Frederic Township Fire Chief Doug Pratt asked to speak with the council about concerns he had with area ambulance operations.

Baum said the city is not in the position to subsidize ambulance operations.

"Where we are at financially, we can't afford that," Baum said.

Under the proposal, Frederic Township and Fire EMS would bill the health insurance of the patient for a 911 call. In addition, the township would offer a \$49 membership fee to residents for ambulance services. The membership fee would cover emergency calls and inner facility transfers

from the hospital to the patient's home, a nursing home or another hospital.

MMR operates under the same billing practices and also provides membership fee opportunities.

Baum said the city council has not made any decisions regarding ambulance services.

"All we're looking for is the best pre-hospital care for our people," Baum said.

The Grayling Charter Township Board has also not made a decision on the proposal and remains in the discussion phase.

Lovells Township Supervisor Gary Neumann said taxes the township collects to support the Lovells Township Fire Department and EMS only covers first responders. Neumann said those first responders have saved lives in critical situations, but they still require care from paramedics.

"It's a situation of mutual dependability and we're all dependent on each other to some degree," Neumann said.

Beaver Creek Township Brian Ashton said there has never been any issues raised with MMR regarding patient care, adding that Frederic Township's ability to provide ambulance care to the entire county is just "pure speculation."

Matt Holtcamp, a director of operations for MMR, said it cost \$385,000 a year to provide ambulances 24 hours a day, seven days a week. Holtcamp added that 1,200 transfers are needed for an ambulance service to break even in Crawford County.

"We know the math and we've worked the math inside and out," Holtcamp said.

Pratt said that Frederic Township Fire Department and EMS Service has 50 paramedics, who are cross-trained as firefighters and can do vehicle extraction. He said the service is slated to hire an additional 11 paramedics.

"It's a community-based service," Pratt said. "That means we are going to have responders throughout the entire county, and when that call drops, we are going to have responders responding to that incident. Those responders will get there first and tend

to that patient while they are waiting for that ambulance."

Dave Stephenson, chairman of the Crawford County Board of Commissioners, said county officials are concerned about maintaining viable ambulance operations if the pool of transfers is fragmented.

"We are a small county and the board is trying to look at the bigger picture," Stephenson said.

The memorandum of understanding and hospital protocols are currently being addressed by the county and Mercy Hospital Grayling officials.

Ultimately, the transfers are given to ambulance services that can provide for the needs of the patient, based on the hospital's medical control policies.

"That trumps everything that we do," Stephenson said. "The hospital's priority is with the patient."

Patients, however, do have a chance to choose an ambulance for transfers under the memorandum of understanding.

"It is the patient's preference and that is the number one priority," said Tiffany Aldrich, the director of marketing and communications for Mercy Hospital Grayling. "After that, the services that are called in are the ones that can best serve the patient."

Frederic Fire Department and EMS leaders and Holtcamp met together last week and were scheduled to meet again this week.

They are hopeful that a resolution could be reached.

"Crawford County will have a premiere EMS system that no other county in northern Michigan will have at the end of day," said Frederic Township Assistant Fire Chief Ed Goscicki. "We'll get it worked out. I'll guarantee you that."

Jason Dasho, a Frederic Fire Department and EMS captain, Mercy Hospital Grayling employee and Crawford County Local Emergency Planning Committee member, said providing top-notch patient care should never stray from the discussions.

"We would be ashamed if we focused on anything less than that," Dasho said.

# Last baby of 2011 recognized at Mercy Hospital Grayling

The last baby born at Mercy Hospital Grayling in 2011, Kaydence Kage, made her entrance into the world at 5:27 a.m. on Dec. 31, 2011, weighing in at 7 pounds, 5.5 ounces and measuring 20 inches long. She was welcomed by mom Elise Serwa, dad Jeffrey Kage and big brother Conner Kage, 11 months. The family resides in Houghton Lake.

Having a baby before the end of the

year means the parents may qualify for a dependency exemption and credits on their 2011 tax return. The difference of minutes on the time of birth could mean thousands of dollars in exemptions and credits.

H&R Block of Grayling celebrated the last baby born in 2011 at Mercy Hospital Grayling by presenting a full diaper bag along with a musical vibrations bouncer to the lucky family on

Jan. 4.

They will also provide free tax advice and free tax preparation to the family for their 2011 taxes.

New parents could be eligible to receive many child-related tax benefits. You can claim the dependency exemption. You could also qualify for several credits, including the child tax credit, up to \$1,000 per child, earned income credit and the child care credit.

## Voters will be asked to decide school bond issue

Continued from Page 1  
Elementary School, which will enhance student safety by separating bus and vehicle traffic.

"We're trying to do little paving now so it doesn't become a big issue," Powers said.

Two heating boilers would be replaced, which would cut down on costly maintenance costs and utility costs.

Technology at the Grayling Middle School and Grayling High School would also be upgraded through the bond funds.

"Kids have to be able to use technology, because that is the world that we live in," Powers said.

If the bond issue passes, Powers said it would result in a savings between \$300,000 to \$400,000 for the school district. The school district received \$1.2 million less from the state for the current school year.

"This absolutely effects our whole county," Powers said. "The school board is trying to keep our schools great."

If passed, the school district's debt levy would increase from 4.9 mills up to 5.2 mills. The increase would mean that a homeowner, with a \$100,000 house with state equalized value of \$50,000, would pay an additional \$15 in taxes per year for the next four years. The bond would then drop down to 4.2 mills for debt previously approved to renovate and expand the Grayling High School. All debt is slated to be paid off by 2021, so increasing the debt for four years will not result in a long-term hit on homeowner's pocketbooks.

"We didn't want to extend any more years onto the taxpayer's debt," Powers said.

Some may question why the school district is going back to voters after the

Crawford-Oscoda-Ogemaw-Roscommon Intermediate School District (COOR ISD) special education was defeated in May and November. The millage was supported by Crawford AuSable School District voters, but did not fare as well in other counties. Powers said the special education millage would have cost homeowners

about \$30 a year for 20 years, compared to the bus and facility bond, which is only for four years.

Powers said the bond would allow the community to cut down on ancillary cost and maintain the focus on student achievement.

"We think the schools and community are tied at the hip," he said. "One supports the other."

# Issues and Opinions

## Almanack

by Richard Milliman

## Almanack Review: Wit and Wisdom from 2011

EACH YEAR regular readers of The Almanack are provided another opportunity to review kernels of wit and wisdom – which some might be considered bias and blarney – which appeared in this column during the last 12 months.

**Item pricing:** Progress has made most shopping more impersonal. We pump our own gas and pay at the pump with plastic. We check ourselves out at the supermarket. We thumb through piles and piles of merchandise at department stores, trying to figure out what to buy, while store personnel wait for you to bring the item to their work station. Big is considered better, but big is impersonal.

**Public payroll:** The role of government is to provide service to the public in one way or another, and so the job of the public employee is to provide that service. If public jobs are reduced, the public service also will be reduced in one way or another.

**National anthem:** Christina Aguilera was so bad singing the national anthem at the Super Bowl that millions of Americans are joining a movement in which I have long been in the forefront, to wit: Sing the National Anthem only as it is written. The problem compounds at the local level. Almost every amateur singer at a local sporting or civic event, following the lead of the stars, usually adds their own trills and off-beat and frequently off-key personalization of what should be a solemn performance. The message is simple to both stars and amateurs alike: Sing the national anthem only as it is written.

**Education support:** Starving education is counter-productive. The state puts a high priority on better education, and then repeatedly short-changes dollar support for schools and colleges, which are the means by which a better educated populace is attained. As a state, we seem

to be living a lie by decreasing support for educating young people and giving them a chance to improve their lives and contribute fully to the development of the Michigan economy of the future.

**Osama Bin Laden:** Osama Bin Laden is finally dead. Personally I do not cheer his death. I do not march in the streets in celebration of his demise. I am only relieved that he is gone. The battle has not been won, however, and it will not be won until the terrorism of hate based on religion, race or ethnicity is forever erased from this earth. Bin Laden is gone, but the battle continues.

**Early budget:** Is the speedy budget process the first step in proving the thesis that Michigan really needs only a part-time legislature, with members spending five months or less in Lansing and the rest of the year back home, dealing with constituents and living under the laws they have just adopted? Most other

states perform this way. Michigan has proved we can, too. Why don't we?

**Independence Day:** The United States of America has thrived with the ideals and goals our founders forged through their rebellion. As a nation we have held firm since our founding, with a single tragic exception which was settled on the battlefield but still is in a healing process. Our founding fathers seemed to know what they were doing. Let's not screw it up now.

**Super Committee:** In ancient lore, Hercules was assigned 12 labors by the goddess Hera. One was to clean the Aegean Stables. That's about the size of the labor presented to the 12 members of the Super Committee, and I'll leave the obvious comparison of the content of the stables to the imagination. Hercules completed his labors, including cleaning the stables. Maybe the 12 members of what is formally known as the Joint Select

Committee on Deficit Reduction can pull off a similar near-miracle – but don't bet the old homestead on it.

**Recalls:** I am not a fan of recalls. In most cases the next election is the proper time for voters to "recall" the official they elected but don't want anymore. There should be more restrictive reasons for permitting recall – ethical or criminal wrongdoing have been suggested – but most reasons which come to mind could be covered by existing systems of law enforcement and judicial process. Recalls should be used very sparingly, and never just because of political preferences, or out of spite, or how an office holder votes on public issues.

**Official perks:** Personally I disfavor health benefits, pensions and other ongoing compensation after any elected official leaves office. A modest presidential pension could be an exception. Nobody is drafted into elective public service. It's all a voluntary

choice by individuals who want the job. Candidates should run for office because they want to help the community they ask to elect them. Fame may come their way because of public service, but fortune should not. After they leave office, voluntarily or otherwise, they should be on their own.

**Mind changing:** When the Occupy Wall Street demonstrations began, I was struck by the message on a hand printed cardboard sign displayed by one Occupier: "If you never change your mind, why have one?" At the time I thought of this year's candidates for president, including President Obama, and then I thought of me. Those words and that thought fit my own views perfectly. If you never change your mind, why have one?

## Letters to the Editor

## What's the hurry?

To the editor:

What's the hurry, careless drivers?

Ok driving down the road in a full white out during the winter is not a fun task, nor is it fun driving on icy roads. What is worse is when you have inconsiderate drivers that think you have x-ray vision and can see their vehicle through the snow when they have no lights on.

Then of course you have those drivers whom always seem to run late going somewhere, instead of leaving early they decide to race to get there. Now given the road conditions, they decide to race past others, cut them off with no use of a turn signal or proper lights during bad weather; thus resulting in accidents.

Why, because these

inconsiderate drivers have no care for others lives.

The same goes for speeding semi's as well, given that they are harder to stop quickly without a bad out come on winter roads.

This is winter time, people need to slow down and be more cautious of the roads, and other drivers. One might be able to see where they're going, but should remember to turn vehicle head lights on so others can see them, and drive safely.

Please remember the following:

1. Turn head lights on so your visible to other drivers.
2. Use turn signals a head of time so drivers know where you're turning, this gives them time to slow down.
3. Leave home early to

give ample time to arrive at your destination; this helps so you do not have to drive recklessly. Speeding on bad roads only leads to accidents.

4. Prepare for anything, keep a shovel, salt, and warm blankets in the vehicle; this will help if one gets into an accident until help arrives.

5. Make sure your vehicle has proper winter tires.

By following these five steps this should help keep our drives safe.

Though one may be in a hurry, please try to remember that though you may not care enough to keep your life safe, others still want to go home to their loved ones alive not in a pine box.

## Losing MMR units would be a life threatening and costly decision

To the editor:

I attended the Grayling Township meeting with the discussion about the possible switch to the Frederic EMS as the ambulance provider for our township.

As I understand, after listening to both MMR and Frederic's EMS spokespersons, there are nine ambulances servicing our county between their two companies. MMR has five and Frederic has four.

If the Grayling Township board decides to choose Frederic EMS as their primary ambulance service then, as I understand it, MMR will pull out of Crawford County. This will leave only four ambulances to serve the entire county.

How can the Frederic

EMS possibly serve Crawford County with less than half of the rolling units? And when they find they can not, how soon will our taxes go up to replace the other half of the fleet that now covers our county?

Any changes made in Grayling Township concerning our EMS service would impact every person and every township in Crawford County.

In my opinion, going to the Frederic EMS and losing the MMR units would be a life threatening and very costly decision for our Grayling Township board to even consider.

## United Way to benefit from tax time program

Crawford County United Way (CCUW) has been accepted to participate in a tax time program through a nationally known tax preparation service, which could potentially raise hundreds of dollars to help people in the community.

H&R Block Foundation's Non-Profit Referral Program has helped charities throughout the United States raise funds within their own communities by making a donation of \$25 for each new client at local H&R Block offices. The donation has no effect on the client's refund as the money comes directly from the H&R Block Foundation to the designated charity.

"We are very pleased to be able to offer another way for people in our community to give a donation to Crawford County United Way," said Executive Director Cheryll Ruley. "This donation costs nothing to the taxpayer and means everything to all the agencies helping those in need of a hand up during tough times."

Deb Warwick, office manager for the Grayling H&R Block office, said she

is very happy with the Non-Profit Referral Program because it gets her and H&R Block involved in the community she calls home.

New clients to H&R Block, wherever they may live, can designate CCUW as their chosen recipient of the \$25 foundation donation simply by telling the person preparing their taxes at any H&R Block office in the country. The number of designations will be tallied, from Jan. 1 through April 19, and a check will be issued later this spring to the CCUW. Use Non-Profit ID #4001-00008-28257 to designate CCUW.

"Every dollar raised through this program will stay in Crawford County to help local agencies achieve their missions and complete their special projects," Ruley said. "Crawford County United Way is grateful for this wonderful fundraising opportunity. So many people and causes are sure to benefit."

Anyone wishing to make a donation to CCUW may send a check to CCUW, P.O. Box 171, Grayling, MI 49738 or contact Ruley at (989) 350-4462.

## 'Check Off' for your United Way

This year, Crawford County United Way is encouraging everyone to "check off" for the United Way Fund on Michigan Individual tax returns.

Tax form 4642 will allow people to donate all or just a few dollars of their 2011 Michigan tax return to the United Way Fund, a fund created to help Michigan's needy families with their most basic needs. The fund helps provide food, clothing and shelter for Michigan's low-income individuals and families.

Given today's economic conditions and high unemployment in Michigan, more families are at risk than ever before and the need for assistance has never been greater. The Michigan Association of United Ways worked with the Michigan Legislature to create a quick and easy way to donate resources that help ease the burden for many Michigan families.

All proceeds will benefit the United Way in your community according to your zip code.

## The Bible Speaks

### Approved Living in God's Kingdom

In Romans 14:17 God taught us how to identify essentials of God's Kingdom. "17For the kingdom of God is not meat and drink; but righteousness, and peace, and joy in the Holy Ghost." Negatively stated, God's kingdom is not meat and drink or other fleshly or physical non essentials. Positively stated, "...but righteousness, and peace, and joy in the Holy Ghost." Romans 14:18 teaches us how we are to inhabit or live in God's kingdom in light of this truth. "18For he that in these things serveth Christ is acceptable to God, and approved of men."

First, our actions are to please Jesus Christ as His servants. "18For he that in these things serveth Christ..." Jesus said in John 12:26: "26If any man serve me, let him follow me; and where I am, there shall also my servant be; if any man serve me, him will my Father honour." Romans 12:1,2 taught us to present our body, mind, and will to God's service. We are taught in Romans 12:11 to serve our Lord energetically and eagerly: "11Not slothful in business; fervent in spirit; serving the Lord." He is our master and we are His servants. (Romans 14:4). Colossians 3:24 reminds us our Lord will reward us: "24Knowing that of the Lord ye shall receive the reward of the inheritance: for ye serve the Lord Christ."

Second, we should be acceptable to God. "18For he that in these things serveth Christ is acceptable to God." For example, we serve Christ and are accepted of God when assuming family responsibilities. In 1 Timothy 5:4,8: "4But if any widow have children or nephews, let them learn first to show piety at home, and to requite their parents: for that is good and acceptable before

God...8But if any provide not for his own, and specially for those of his own house, he hath denied the faith, and is worse than an infidel." Titus 2:11-14 reminds us God saved us and purified us to serve Him.

Third, if we are faithful servants of our Lord we are not only acceptable to God but also, "...approved of men." 2 Corinthians 8:21 teaches us to live honestly: "21Providing for honest things, not only in the sight of the Lord, but also in the sight of men." Mark 12:37 tells us of our Lord's ministry: "...And the common people heard him gladly." Luke 19:47,48 reminds us that when the religious and political leaders sought to destroy Jesus, His acceptance by the people hindered them: "47And he taught daily in the temple. But the chief priests and the scribes and the chief of the people sought to destroy him, 48And could not find what they might do: for all the people were very attentive to hear him."

Thou shalt love thy neighbour as thyself. There is none other commandment greater than these. "10Love worketh no ill to his neighbour: therefore love is the fulfilling of the law." (Romans 13:10). When we live by love we also live by God's golden rule in Matthew 7:12: "12Therefore all things whatsoever ye would that men should do to you, do ye even so to them: for this is the law and the prophets." "31And as ye would that men should do to you, do ye also to them likewise." (Luke 6:31). Such living serves our Lord, is acceptable to God, and approved of men. Pastor "B".

### Card of Thanks

On Christmas Eve, myself, my husband and my two children were in a roll over accident on I-75 near Frederic. I would like to express how grateful I am to the off duty state police women who stopped to stabilize my husband, the couple who stopped and helped my two children stay warm and gave them toys to distract them from what was happening. Also, all the

ambulance drivers and firemen who helped us. The people at Mercy and Munson Hospitals, all who went above and beyond.

I have not lived in Michigan long, but my gratitude for everyone who helped us in this little town is hard to express. All I can say is "thank you so much."

# Man sentenced to prison term

by Dan Sanderson  
Staff Writer

After a contentious court hearing on Monday, a 46-year-old Roscommon man was sentenced to serve 20 to 40 years in prison.

Chief 46th Trial Court Judge Janet M. Allen sentenced Avery Robert Parker to serve 20 to 40 years in prison for first-degree criminal sexual conduct. Parker was also sentenced to serve five to 15 years for unlawful imprisonment and domestic-violence-aggravated assault. Finally, Parker was sentenced to serve three to 15 years in prison for fourth-degree criminal sexual conduct. Allen gave Parker credit for 240 days he served in the Crawford County Jail.

A jury found Parker guilty of the charges on Dec. 3 after a three-day trial.

The charges stem from an incident, which took place on May 21, 2011.

Crawford County Sheriff Kirk Wakefield said that in the early morning hours, a 47-year-old South Branch Township woman was forcibly held by Parker against her will and was repeatedly sexually assaulted in her residence. The woman eventually escaped from Parker and fled into a wooded area near her home where she wandered for several hours before coming to the residence of a local man who called for help.

Parker was arrested in Detroit four days later by the Detroit Michigan State Police Fugitive Team, Michigan State Police Technical Services and United States Marshal's Office.

Parker made several outbursts at the hearing at

Crawford County Prosecutor Everett Ayers, Department of Corrections Probation and Parole Officer Frank Foguth, Allen and the victim. Two Crawford County Sheriff's Deputies, a jail corrections officer and the court bailiff were in the courtroom. Allen gave Parker a last chance before potentially finding him in contempt of court or having him removed from the courtroom, before she delivered her sentence.

Parker objected to details in his pre-sentence report, which said he hit the victim in the head and face. He said he pushed the woman in the back of the head, saying it was not a beating. "She made her statement when she was on the stand," Parker said.

Parker also objected to mentioning the Michigan State Police Fugitive Team

in the report, arguing that he was headed back to Crawford County after he left the state and was arrested in Detroit.

Ayers said the victim suffered and characterized Parker's actions as sadistic and torture.

Ayers added that Parker has been convicted or accused of over a half dozen assault crimes.

"He's taken no responsibility for his actions whatsoever," Ayers said, adding the jury's verdict should be respected. "It a sad road he has gone down, but he has driven down that road."

Allen said she could have sentenced Parker to serve over 60 years in prison and could have made him serve each sentence consecutively, but allowed him to serve prison time concurrently so he will have a chance for parole.

## Free food available

by Dan Sanderson  
Staff Writer

Crawford County residents having trouble making ends meet will have an opportunity to get free food this Friday.

The Food Bank of Eastern Michigan is making 10 tons of perishable food available through the

Frederic Food Bank on Friday, Jan. 13 in the Grayling High School parking lot.

Food, including yogurt, other milk-based products, bread and apples will be available, said Clyde Holzbauer, coordinator for the Frederic Food Bank.

Holzbauer learned that a

semi trailer full of food was slated to come to Crawford County earlier this week.

"They're taking it out of the warehouse, and if we don't take it, they don't know what to do with it," Holzbauer said.

The food will be distributed from 11 a.m. to 3 p.m.

People coming to get the food are encouraged to bring large boxes and to ensure they have proper storage for the perishable items, Holzbauer said.

## Mercy Hospital welcomes two new board members

Paul Compo and Gary Gandolfi, both active, committed community leaders, recently accepted new positions on Mercy Hospital Grayling's 15-member Board of Trustees, as board chair and vice board chair respectively effective Jan. 1.

Compo moves into the board chair role; McGregor completed Mike Dunkel's term as board chair and then completed his own two, one-year terms in the board chair role. McGregor will continue to serve as a board member.

In addition, Sister M. Naomi Holysko and Paul Lerg, both former Mercy Hospital Grayling board members, have been re-appointed as active board members. They replace Sister Maureen Mulcrone and Tom O'Brian respectively.

Holysko has previously served on the board for nine years while Lerg has dedicated 32 years of services to the Mercy Hospital Grayling board of directors throughout the years. Board members may only serve for a period of nine years before they are required to leave the board for one year. After a

one year hiatus, they may be re-appointed to the board of directors.

"We look forward to the leadership of Paul Compo. Paul's understanding of healthcare issues in combination with his commitment to the provision of local healthcare services to our community will allow him to provide strong leadership during challenging times in the healthcare environment," Stephanie Riemer-Matuzak, CEO, said. "However, we will very much miss Dr. McGregor's leadership and are grateful that he remains a committed and active board member."

In preparation for his role as board chair, Compo completed a one-year Governance Fellowship through the Michigan Hospital Association in June of 2011. Gandolfi is currently completing the Governance Fellowship.

"We are grateful for Sister Naomi and Paul Lerg, especially considering the wealth of experience and insights they bring to our hospital," Riemer-Matuzak said. "We welcome them back to our board and look forward to working with them."

## Soldiers deploy to Liberia to train West African troops

Friends and family bid farewell to soldiers from the Michigan Army National Guard last Thursday as they departed for Fort Benning, Ga., and then Liberia for a 12-month tour of duty.

Soldiers from several Michigan Army National Guard units will deploy to Liberia, where they will be part of a Traveling Contact Team responsible for teaching the Armed Forces of Liberia (AFL) everything from drill and ceremony to basic infantry tactics.

Lt. Col. Bernard Peters, of Grayling, Sgt. 1st Class Jack Vlita, of Rose City, and Sgt. 1st Class Doug Ellis, of Mio, who all work at Camp Grayling, were among the 25 soldiers who volunteered for the mission.

Operation Onward Liberty is a joint service effort of soldiers, sailors, airmen and Marines who will all participate in the training of the AFL.

The Michigan National Guard's involvement with the AFL is part of a rapidly growing "State Partnership Program" developed by the

National Guard Bureau and the Department of Defense. When the Michigan National Guard provides trainers for these important missions, it contributes greatly to building enduring civil-military relationships and long-term international security.

Liberia offers a distinct set of challenges to our soldiers. The country has been torn apart by a 14-year-long civil war and in-fighting amongst the 16 indigenous tribes that inhabit the West African nation.

A fragile peace was formed in 2006 when Ellen Johnson Sirleaf was elected as president.

The years of conflict left the country with more than 100,000 dead, a complete lack of reliable electricity, clean water or waste disposal and a large refugee population. Poverty is rampant and shocking.

The United Nations World Human Development Index ranks Liberia 174 out of 175 countries when it measures health and living conditions.

## MDOT selected to produce distracted driving video

Narrowly missing being struck by a semi truck, you leave a busy intersection and hear the sound of screeching brakes and crunching metal. The car behind you was just hit broadside by a driver that inadvertently ran a red light. Later that night on the television news, you find out that one of the people involved in the horrible crash was pronounced dead.

As a way to raise awareness about the risks of distracted driving, the Michigan Department of Transportation (MDOT) announced that its video and photography services unit was selected to produce a mock-crash video and 30-

second public service announcement for the Traffic Improvement Association (TIA).

"Distracted driving is a serious, life-threatening behavior that steals loved ones from us and puts innocent drivers and passengers at risk every day," said Jim Santilli, TIA executive director.

The videos are being developed for the "Remembering Ally: Distracted Driving Awareness Campaign" the TIA plans to kick off in late February.

Ally Zimmerman, a 16-year-old Romeo High School student, was a passenger in a vehicle hit broadside by a

distracted driver. Ally later died from her injuries.

According to the National Highway Traffic Safety Administration (NHTSA), nearly 5,500 people were killed and almost a half million injured in distracted driving-related crashes in 2009. The TIA, in partnership with its corporate sponsors and other traffic-safety partners, created the "Remembering Ally: Distracted Driving Awareness Campaign" to raise awareness and change dangerous behavior in all drivers in hopes of saving lives and reducing injuries on Michigan roadways.

## Alumni Hall Of Fame Nominations Due January 27, 2012

The 6th Alumni Hall of Fame Ceremony will take place at Grayling High School on Sunday, May 6, 2012. Nomination forms are available at every school and at Central Office. The nomination form is also available on the district website. The three criteria that the board will use to select the alumni are:

- Highest degree possible in candidate's field of study
- Significant life achievement, honor or award
- Significant contribution toward improving the lives of others

If you know someone worthy of this honor, please take the time to fill out a nomination petition. The board will be making the selection by February 2, 2012, and only twenty individuals will be honored this year. The inductees into the Alumni Hall of Fame will be displayed proudly in the main entrance at Grayling High School.

The purpose of this program is not only to honor graduates from our community who have accomplished great things in their lives, but also to motivate our students at the high school to set goals for their own future.

rebounds, and four steals. Morley had eight points.

"We had a pretty good game in which we struggled a little bit with our shooting in the first half. Houghton Lake led by three at halftime. A big reason that we were down going into the half was our difficulty making baskets. We need to make baskets in order to press. That changed in the third quarter," Coach Joe Powers said.

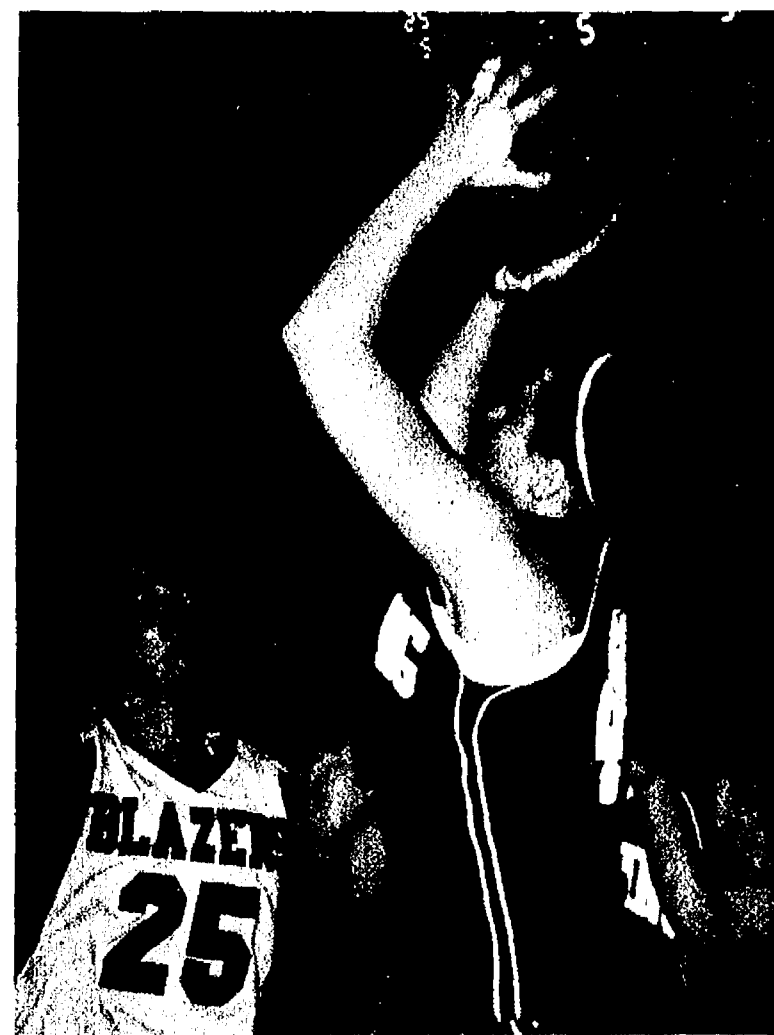

"We were able to make some shots immediately at the beginning of the third quarter, which allowed us to get into our full-court pressure defense. Once we were able to press, we were able to score in bunches," Coach Powers said. "We probably played our best team ball in the third quarter. We rotated well on our press and played good help side defense. We passed the ball very well and had a number of assists. It was great to see nice team ball displayed."

Cierra Prosser takes a three-point shot at Kalkaska on Friday.

Hannah Haven dribbles the ball for the Vikings during Friday's league game.

Josie Swander takes an inside shot for Grayling at Kalkaska.

## Vikings struggle in first half, fall 56-28 at Kalkaska

by Caleb Casey  
Senior Staff Writer

Grayling scored only six points in the first half of Friday night's varsity girls basketball game – a league contest – at Kalkaska High School. The Blazers led 29-6 at halftime and Grayling ultimately lost by 28 points, 56-28.

Kalkaska outscored Grayling 12-2 in the first period. The Blazers added 17 points in the second quarter to lead by 23 at halftime. The Vikings scored their six first half points with an inside shot by Jo Hamlin, an inside shot by Maddie Benardo, and a jump shot by Alyssa Morley.

Kalkaska edged Grayling 10-7 in the third quarter. The Vikings scored their points with one free throw from Cierra Prosser, a put-back by Hamlin, a jumper by Hannah Haven, and an inside shot by Benardo.

In the fourth quarter Kalkaska added 17 points to its total; Grayling scored 15 points with a put-back by Rachel Cooper, a triple by Prosser, an inside shot by Haven, an inside shot by Hamlin, a jumper by Haven, a lay-up by Hamlin, and a jump shot by Morley.

Kalkaska won 56-28.

Hamlin finished with eight points and nine rebounds for the Vikings.

Haven had six points. Morley, Prosser, and Benardo each scored four points. Josie Swander had eight rebounds. Caitlin Prosser had seven rebounds.

"We had a difficult game right from the start. Playing an extremely good Kalkaska team that has had a lot of success in the past few years, in a brand new gym which we had never seen, and having sick girls with colds did not bode well. Kalkaska is a very fine team that has very good shooters, fast girls that are very athletic. We didn't play our best basketball, mainly on offense. As they pressed us, we didn't attack them enough. We

were too timid, especially in the first half of the game. They took the defense to us and we didn't make them pay," Coach Joe Powers said.

"In the second half, we played much better ball. We were much more aggressive. We scored 22 of our points in the second half. I was pleased with our defense as we held their top players in check. We played good enough to win on defense, but not on the offensive side, especially in the first half," Coach Powers said.

The Vikings (3-5 overall, 0-3 league) will host Boyne City on Friday, Jan. 20.

## Crawford County Road Commission Public Meeting Announcement Proposed Improvements to I-75 at North Down River Road

The Crawford County Road Commission invites the public, area businesses and others who are interested to attend and participate in an open house session at the Grayling City Hall, 1020 City Blvd., Grayling, MI 49738 on Thursday, January 12, 2012 from 6:00 p.m. to 8:00 p.m. The purpose of the open house is to obtain comments and answer questions on proposed improvements to the I-75 at North Down River Road interchange and associated widening of North Down River Road. The proposed project along with comments will be incorporated into an Environmental Assessment to be presented for approval by the Michigan Department of Transportation (MDOT) and the Federal Highway Administration (FHWA). Approval by these agencies is necessary for the proposed project to move forward toward implementation and to receive funding.

The 2008 Grayling Area Transportation Study prepared by the Northeast Michigan Council of Governments (NEMCOG) recommended improvements to this interchange to add ramps to make the interchange a full functioning interchange in addition to other road and trail improvements in the area. The Crawford County Road Commission is applying for TIGER Grant funding for this interchange and is working with the City of Grayling, County Commissioners, Charter Township of Grayling and MDOT to prepare the Environmental Assessment, a required part of the grant application.

Various options to complete the interchange and improve traffic operations will be presented in an informal, open house setting where citizens may browse and review various displays and information. Officials and transportation consultants hired to prepare the report will be available to answer questions. After the meeting, the consultant team will continue to analyze the anticipated impacts of the proposed project and develop strategies for mitigating impacts. There will be another opportunity to comment on the document in the spring of 2012.

More information about this project is available by calling Don Babcock of the Crawford County Road Commission at 989.348.2281.

# NOTICE OF SHOW CAUSE HEARING AND JUDICIAL FORECLOSURE HEARING for NON-PAYMENT OF PROPERTY TAXES

On March 1, 2011, real estate with **unpaid 2009 and/or prior years property taxes** was forfeited to the Crawford County Treasurer pursuant to the General Property Tax Act, Public Act 206 of 1893, PA 206, MCL 211.1 to 211.157, as amended.

The Crawford County Treasurer is acting as the Foreclosing Governmental Unit in proceedings to **foreclose** on properties for unpaid 2009 and/or prior property taxes.

There are **two hearings** scheduled to finalize the foreclosure process. This publication is intended to provide additional notice to parties of interest in these parcels as to the nature, time, and location of these hearings.

**A Show Cause Hearing** is scheduled for 9:00 A.M. to 2:00 P.M. January 18, 2012 at the Office of the County Treasurer, Crawford County Building, 200 W. Michigan Ave., Grayling, MI 49738.

Any person with an interest in the property forfeited to the County Treasurer may appear at the Show Cause Hearing and redeem the property or show cause why absolute title to that property should not vest in the Foreclosing Governmental Unit.

**A Judicial Foreclosure Hearing** is scheduled for 8:59 A.M. February 9, 2012 at the Crawford County Building, Circuit Court Room, 200 W. Michigan Ave., Grayling, MI 49738.

At this hearing the Foreclosing Governmental unit shall ask that the court enter a judgment foreclosing property as requested in the petition for foreclosure. A person claiming an interest in a parcel of property set forth in the petition for foreclosure, who desires to contest that petition, **must file written objections** with the clerk of the 46th Circuit Court, and serve those objections on the Crawford County Treasurer as the Foreclosing Governmental Unit. The Docket number for the Petition is 11-8489-CK.

If you are a person with an interest in property being foreclosed:

- You have the right to redeem this parcel from the foreclosure process by payment of all forfeited unpaid taxes, interest, penalties, and fees prior to the expiration of the redemption period. You should contact the Crawford County Treasurer for the amount required to redeem.
- You may lose your interest in the property as a result of the foreclosure proceeding.
- The title to the property shall vest absolutely in the Foreclosing Governmental Unit unless all forfeited unpaid delinquent taxes, interest, penalties and fees are paid by March 31, 2012.

## PLEASE NOTE:

The following list represents parties that appear to have title, lien, or other apparent rights to the parcels being foreclosed by the Foreclosing Governmental Unit.

**This notice is required to be given by law**, even if the party no longer claims or desires an interest if it appears they hold any **undischarged, apparent, or potential** title or lien right to the property listed.

A listing of a party or person does **NOT** necessarily indicate that they are the owner of a parcel, or that they are liable for the property taxes.

This list is **NOT** an offering of property for sale. These parcels are **NOT** being sold, auctioned, or otherwise made available by virtue of this notice.

There is **no procedure** for purchasing these parcels from the Foreclosing Governmental Unit at this point in the foreclosure proceedings. Those parcels that are foreclosed and not redeemed may become available at **public auction** after July of 2012. **These parcels remain the property of the current owner** until redemption rights have expired. **No party or person should make any attempt to inspect or enter upon these parcels** assuming them to be for sale. This may constitute trespassing and subject the offender to criminal prosecution. The street address of the parcels listed is based upon local records and is not guaranteed to be the actual location of the property.

The **amount due** listed indicates the balance which was due as of March 1, 2011. The **current amount** required to redeem **must be obtained from the Crawford County Treasurer**, as additional penalties, fees, and interest have accrued since forfeiture.
